"DEATH TRUCK" CRUSHES LIFE FROM TINY TOT, INQUEST HELD

Four-Year-Old Angeline Riccardi Dies When Crushed By Motor Truck.

FUNERAL ON WEDNESDAY

Driver Held In South San Francisco On Manslaughter Charge.

A "death truck" crushed the life from tiny Angeline Riccardi, 4-year-old daughter of Louis Riccardi, 641 Commercial street, South San Francisco, as she was at play in front of her home. The child died at the South San Francisco General hospital a short time after the heavy truck backed over her little body.

Morris Friedman, 2333 Mission street, driver of the truck, was arrested on a technical charge of manslaughter and was later released on \$200 cash bail. Friedman maintained that the child ran in front of his machine as she laughingly pursued other children at play. Conflicting evidence tended to show that the truck backed over the child.

The funeral was held Wednesday afternoon from a local undertaker's. Burial was in the Italian cemetery.

BOND ISSUE TO IMPROVE CITY NOW UNDER WAY

To Aid Streets, Fire Department, Parks Civic Center Is Plan.

First reading of a resolution calling for the vote of the people of South San Francisco on a bond issue for the improvement of the city center, the parks, the fire department and its equipment and other improvements was made at the board of trustees' meeting Wednesday night.

The resolution was originally introduced to call for a special election, but this was withdrawn and the resolution calling for the same improvements but for the election to be held at the time of the general election in April was substituted.

The resolution provides that a bond issue be voted by the people, the funds to be used in municipal improvements which cannot be handled by the regular treasury funds.

Mrs. Margaret Callan Steel and her committee are in charge of a whist party to be given Tuesday evening, January 5, for St. Maximus church in the Daly City auditorium.

GIRLS PLAN AID FOR VETS IN HOSPITAL

A group of girls gathered at the home of Mrs. E. C. Peck on Monday evening to make and fill Christmas stockings for the ex-soldiers at the Palo Alto hospital. These stockings will be personally presented on Thursday at 1 o'clock by the San Mateo county ladies under the supervision of Mrs. E. C. Peck, state chairman; Mrs. Ashley Farless, county chairman; and Mrs. John L. McGinn.

A total of 625 stockings were filled and each contained nuts, chocolate, a pair of socks, handkerchiefs, cigarettes, candy and cheering gum.

The combined clubs of Solano county made a wonderful gift of 365 pairs of enameled cuff links wrapped separately and delivered personally to the ex-service men at the Palo Alto hospital.

INITIATE BIG CLASS HONOR OF GREAT SACHEM

A class of thirty "palefaces" was initiated into the Improved Order of Redmen by Tippecanoe Tribe No. 111 last Saturday night at the fraternal hall in South San Francisco. The initiation marked a visit of Great Sachem Harry L. Englebright, present head of the order in California.

The adoption degree was put on by Tippecanoe Tribe and the past sachem's degree team of San Francisco performed the warrior's degree and exalted the palefaces in the chief's degree.

Among those who spoke at the meeting were Great Sachem H. L. Englebright, Great Senior Sagamore Harry L. Drake, Great Prophet Henry Trueb, Great Chief of Records Porter L. Bliss, Great Keeper of Wampum Silas H. Wilcox, Great Trustee L. V. Nightingale, District Deputy Alex McIlwain, Harry Abrams and others.

On the committee off arrangements for the affair were Harry Abrams, Manuel Bernard, Earl Huff, A. Madeiros, A. Zani, R. Fontaine, M. Castro, P. Bernard, R. Zanetti and the drill team.

BILLY MCNEIL IS WINNER OF PENNY CONTEST

The penny guessing contest which has been underway for the last few weeks was won by Billy McNeil of 7 Juniper avenue, according to announcement by officials of the Citizens' bank who fostered the contest.

Count showed that the large jar contained 5143 pennies and Billy guessed that it contained 5098. The next closest guess was 5000, four people being tied at this number.

Xmas Present to City

E. E. BRAMBLE WELL KNOWN AS LEADER IN PRINTING TRADE

E. E. Bramble, who with Calvin C. Johnson and the South City Enterprise, will be associated in establishing here a modern printing service, is widely known by the journalistic and typographic fraternity for his excellence in his profession and as a substantial business man.

"It was only after long deliberation and careful survey," said Bramble in speaking of the new expansion, "that we decided that South San Francisco should be the place of our endeavors. Without question this district is certain to double its population and industrial importance within the next few years. At the same time, even under existing conditions, there is a pressing need here for a substantial and complete printing service of the metropolitan type. That need we believe we can fill. The establishment of our plant here is not an experiment in any sense. We have taken our location on a long term lease and all our plans have been worked out on that basis. We offer to the town the best quality of printing service that can be produced and a full co-operation in the development of the community and in its activities."

Bramble has for many years been prominent in typographical work. He is an unusually fine workman and his experience covers association with such publications as the Butte Miner, the Havre Democrat, the Butte Daily Post, the Great Falls Tribune, the Daily Missoulian, the Billings Gazette, the Helena Herald, the Tacoma News-Tribune, the Portland Oregonian, the Marysville Democrat and others. Following some time as the owner of the Independent Press of Tacoma, Mr. Bramble has been investigating the California field, being associated with the San Francisco Chronicle part of the time.

SANTA LEAVES SO. S. F. TODAY AT 3 O'CLOCK

Santa Claus will make his departure from South San Francisco on Thursday afternoon at 3 o'clock. He will leave from the Bank of South Francisco and going over the roof-tops he will start on his long journey to the Arctic.

He expects to reach there before evening and will load up his sled with toys for good little boys and girls and will start on his flying trip around the world, leaving toys on his way.

Santa Claus has expressed his pleasure with the children of South San Francisco and wants them to be there to say goodbye to him before he leaves: "Cause when he comes back Thursday night, Christmas eve, he won't stop to visit."

PUBLICATION'S CHRISTMAS GIFT TO INDUSTRIAL CITY IS MODERN PRINTING PLANT

In an effort to fill the need here for a thoroughly substantial newspaper and a complete printing service, The Enterprise and Calvin C. Johnson and E. E. Bramble will immediately install a complete newspaper and job printing plant in the new home of the paper at 111 Grand avenue.

Mr. Johnson and Mr. Bramble, who will be associated with

E. E. Bramble Calvin C. Johnson

The Enterprise in the venture, are printing experts of long experience and have decided to take part in the establishment of a printing plant in South San Francisco after nearly a year of careful survey of California towns, with such an establishment as their objective.

They express themselves as having determined that there is no place in the state which points to more rapid and substantial development and that there is a pressing need here for the establishment of that type of printing service which shall more nearly approximate a metropolitan service, both in the quality of work and the type of service rendered.

This is in line with the policy of The Enterprise stated on October 23, "to keep ahead of the community's growth, rather than merely apace," and to make the service rendered to you "a distinctly creditable institution to this section of San Mateo County."

A long lease has been taken on the new home of the paper at 111 Grand avenue, and the building will be completely remodeled to fit it for the proper publication of your paper and for the finer types of job and commercial printing. An unusually complete mechanical equipment has been prepared for the new plant and will be installed there as rapidly as possible. The equipment has been carefully chosen to meet the peculiar needs of the community and will enable service to be given that will not be equalled in any other community of this size.

Full details of the new plant will be published next week, and the men associated in the new expansion wish to emphasize the fact that the people of Northern San Mateo County are to feel that this is their plant, that they are welcome there at all times and that when they come that a spirit of warm friendship and whole-hearted co-operation and service will greet them.

C. C. JOHNSON SEES NEED OF PRINTING SERVICE FOR S. S. F.

The addition of Calvin C. Johnson to South San Francisco typographical work is indeed one of value. Johnson is a fine type of business man, an expert in his work, and one who will be of distinct value in building up the community.

In speaking of his determination to join E. E. Bramble and the Enterprise in the location to South San Francisco on an efficient and complete printing and publishing plant, Mr. Johnson has said:

"Investigations have shown that the whole bay region is watching the development of South San Francisco and I am firmly convinced that there is not another city of the same conditions that has a greater need of a complete and modern printing service. This we will make every effort to supply. It is with extreme gratification that I come to South City to join in the work of building here a prosperous and thriving city."

Johnson's work as a printing expert has carried him to many parts of the United States and his choice of South City as the place of his endeavors is a good indication for the community. He has been associated with a large number of publishing and printing establishments including the Moline News, the Butte Miner, the Great Falls Tribune, the Daily Missoulian, the Marysville Democrat and a number of plants specializing in the production of commercial printing of the better type.

That the equipment for the local plant will be installed immediately is assured by Johnson who maintains that every effort will be made to put the plant in operation at once.

BOARD GRANTS PAVING PROJECT TIME EXTENSION

A thirty-day extension for the completion of the paving work being done on the alleys and streets of South San Francisco was requested of the board of trustees of South San Francisco this week by the C. W. Cushing company.

The board granted the extension, feeling that owing to the adverse conditions under which the company has been forced to work that they should be allowed more time. This makes ninety days' extension of time on the completion of the contract that has been allowed by the board, according to information made public at the meeting.

Mr. and Mrs. Earle Jones of First avenue were dinner guests of Mr. and Mrs. Carl Jones at their home in San Francisco last Sunday evening.

EPISCOPALIANS PLAN CHRISTMAS SERVICES HERE

Plans for a communion service to be held at the Episcopal church in South San Francisco at 10:30 o'clock Christmas day are now underway following a communication from the Rev. B. D. Weigle, executive secretary of the local Episcopal diocese, who plans to officiate at the services.

It is also planned that a communion service will be held the first Sunday of each month at the Grace church in South San Francisco under the direction of the Rev. L. H. Tracy, the rector of St. John's church of San Francisco.

These services will be held at 9 o'clock a. m. on the first Sunday of the month, starting on January 3, 1926, according to the tentative arrangements.

LONELY ROOM GREETED BOARD FOR MEETING

Detail Work Disposed Of By City Fathers Of South San Francisco.

It was a lonely room that greeted the board of trustees of South San Francisco as they took up the city's business on Wednesday evening. For instead of the usual crowd but three people except the board and its attaches were present when the meeting started. Even the board table itself looked lonesome, for Trustees Eschelbach and Cunningham were absent. Trustee Eschelbach joined the meeting shortly after, however, and the meeting continued.

An enthusiastic audience of six was reached by the time the closing time came. It was, indeed, a lonely meeting.

Besides the more important business that came before the board, a large number of requests and petitions were cared for. Among these was the granting of a large number of licenses for the purveying of soft drinks and tobaccos.

The Pacific Gas and Electric company was granted permission by the board to erect new poles for the serving of six houses in this city.

The Pacific Telephone and Telegraph company will be allowed to proceed on their work of installing subway conduits for wires as soon as the company puts up the bond that is required by ordinance, according to the decision of the board.

The reports of the chief of police, the city treasurer and the school nurse were presented to the board and accepted.

The board suggested that property owners who are troubled by having refuse dumped on their vacant lots notify the city marshal and that he will see that the miscreants are stopped.

Miss Hortense Silva of Lomita Park recently visited her cousin, Sylvia Fischer.

BOARD ASKS FRANCHISE OF WATER COMPANY ACTION STARTS

Increased Rates Cost City \$2000 To \$3000 More Than Before.

ACTION IS PROMISED

Other Companies In City Of Like Sort Operate With Franchise.

That the South San Francisco Water company should operate under a franchise was the decision of the South San Francisco board of trustees at the Wednesday evening meeting. The company will be advised by resolution of the board's action.

City Attorney Davis advised the board that other public utility operations in the city, such as the Pacific Gas and Electric company, the Pacific Telephone and Telegraph company and the San Francisco Railway and Power company, were now operating under the franchise system and it was his opinion that the water company should be under the same system.

A short time ago adjustment in water rates made it necessary for the city to pay the company an increase of some \$2000 to \$3000 a year, it was pointed out. The franchise system would reimburse the city for much of this fund, it was maintained.

The resolution was introduced by Trustee McCaffrey and was passed by the board. Action will be taken at once on the question.

A GIANT XMAS TREE PREPARED FOR COMMUNITY

Located At A. P. Scott Home On Grand Avenue, Electric Display Planned.

A giant community Christmas tree is being prepared for South San Francisco at 820 Grand avenue, the home of A. P. Scott, at the western entrance to the city. The tree is a thirty-five foot tree in the yard of A. P. Scott, through whose courtesy it is being used, and will be covered with between seventy-five and one hundred many-colored electric lights.

The Pacific Gas and Electric company will supply the power for the lights, the globes will be donated by Charles Schreck. The display will be ready on Christmas eve.

Mrs. Ernesta and baby son of Bruno avenue have returned from Oakland where they spent the past week with relatives.

South San Francisco Social and Personal Items

WILL LEAVE FOR TULARE.

Miss Beatrice Eikerkotter will leave Saturday for Tulare where she will spend several days with Mr. and Mrs. H. Whaley.

DINNER GUESTS.

Mr. and Mrs. Fred Cunningham will be dinner guests of Mr. and Mrs. H. Baldini, afterwards attending the performance of the "Student Prince" in San Francisco.

TO VISIT DAUGHTER.

Mrs. George Roll of Santa Clara, arrived in this city on Thursday to spend the holidays with her daughter, Mrs. Andrew Hynding, of Eucalyptus avenue.

WILL ATTEND CHRISTMAS PARTY.

Mr. and Mrs. Andrew Schmidt and family will attend a Christmas party at the home of their son and daughter-in-law, Mr. and Mrs. Fred Schmidt of Amazon tract, Wednesday evening. On Thursday, Mr. and Mrs. Thomas Schmidt will have the family at their home on Miller avenue, in this city.

CHRISTMAS GUESTS.

Mr. and Mrs. Ed Kauffmann will be the guests of Mr. and Mrs. Charles Boehinger of San Francisco, on Christmas day.

LEFT FOR CROCKETT.

Miss Mary Caripody left Saturday evening for Crockett, where she will visit at the home of Miss Gladys Furey.

ATTENDED CARD PARTY.

Mrs. P. Kert and Mrs. Andrew Schmidt attended a card party given by the Neighbors of Woodcraft in San Bruno Saturday evening.

WILL ENTERTAIN SAN FRANCISCO GUESTS.

Mrs. J. C. Carmody and family will entertain Mr. and Mrs. T. Sullivan of San Francisco, on Christmas day.

CARD PARTY IS HELD.

The Woman's club held their monthly card party in their club rooms in the Metropolitan hall on Thursday evening. Those taking honors were Mrs. H. Koop, Mrs. Marguerite Kiessling, Mrs. E. Lewinson and Mrs. H. H. Hicks.

R. J. Dower and son Gerald of San Francisco, formerly of this city, spent Friday evening visiting friends in this city. Gerald has charge of a blue print office in Oakland.

Mrs. P. J. Millett and Mrs. Bernice McPartland of San Francisco visited Mrs. B. W. Haubrich and Mrs. S. W. Fischer on Tuesday of this week.

SAN BRUNO IS ASKED TO AID DUMP PROBLEM

Meeting Of Representatives Is Asked To Consider Refuse Grounds.

That the problem of the dumping ground at the present in use by South San Francisco and to a certain extent by San Bruno is one of inter-city importance was the decision of the board of trustees of South San Francisco at the Wednesday meeting.

Request will be made of representatives of San Bruno to meet with representatives from South San Francisco to solve the problem of adequate dumping facilities and ground maintenance for the Twin Cities.

The South San Francisco Scavenger company informed the board that the road to the present dump was almost impassable and would soon be completely so. They offered to maintain the road and keep the dumping facilities in proper condition if allowed to charge a nominal fee for each vehicle passing into the grounds.

This was held up until the co-operative meeting could be held with San Bruno representatives.

SUNDAY CRASH IS FATAL TO S. F. AUTOIST

G. B. Jackson of San Francisco was killed and his wife is in a critical condition in a San Francisco hospital as the result of a crash at San Bruno and Jerod avenues, San Bruno, Sunday, when their automobile struck a street car.

Mrs. Jackson was taken to the San Francisco hospital suffering from injuries which may cause her death. Jackson, who lived at 1922 Ellis street, and his wife left San Francisco early Sunday morning for an auto trip down the peninsula, using an automobile owned by Frank Walker, confectioner, of 131 Filmore street.

At the intersection of San Bruno and Jerod avenues, according to F. C. Osborn, Market Street Railway motorman, Jackson's car crashed into the side of the street car. Jackson, who was driving, was dead when the San Bruno police arrived. Mrs. Jackson was unconscious.

COLMA, LAWDALE

By MRS. STEPHEN FISCHER

The first big celebration of the Colma volunteer fire department which was held last Saturday evening was a great affair. First there was a fine pep parade which was led by the Eagles' drum corps, then came the aid fire truck and some of the firemen in their snap new uniforms. Closely following was the wonderful drill team of El Carmelo parlor. Then came the handsome new fire truck and apparatus, more firemen and a number of automobiles, and the South City band. The line of march was from the Jefferson union high school, down Mission street, thence over San Pedro avenue to Market street to the new firehouse. Here the marchers disbanded and a wonderful and appropriate talk was delivered by W. J. Savage. He told of the progress of the fire department, their accomplishments and told how the money donated has been used and what the firemen have planned for the future. Later all attended the grand ball in the Colombo auditorium, which was filled to capacity. Pete Buttl and his jazz orchestra were on hand to provide the dance music. A grand march that was perfect in every movement was put on by the firemen and their partners; led by Mr. and Mrs. Silvio Landini. This was one wonderful evening that will not soon be forgotten by local people.

On Tuesday, December 22, the annual Christmas tree given under the direction of the Colma Community center will be held at the center on Dunk street. There will be a program commencing at 2 o'clock in which the local school children will take part. There will be two huge trees and Santa Claus will be present with lights for all. Mrs. James Henderson has been working unceasingly for the success of this day. A monster raffle party was recently given to raise funds for this affair.

The committee in charge of the indoor festival to be given by Colma Vista Grande Aerie No. 1948, Fraternal Order of Eagles, are busy planning novel amusements for the four nights of the fair which will be held in the Daly City auditorium on February 11, 12, 13, 15. This aerie was organized in Colma, February 5, 1909. A large crowd is expected to be present at this festival. A popularity contest is being run as a part of the affair and Miss Thelma Selma of Colma is one of the candidates, having been entered by El Carmelo drill team.

Mr. and Mrs. A. Dagarano entertained a group of friends and relatives on Sunday in honor of

their daughter Eva's third birthday. The evening was spent in singing and dancing, after which refreshments were served. Those who partook of the merriment were Mr. and Mrs. A. Gaddini, daughter Catherine, and sons Fialdo, Eugene and Alexander; Mr. and Mrs. Gus Valencia and daughter Isabel and sons Bobby and Anthony, S. Casina, Frank Costello, P. Lovi, I. Polloni, Mr. and Mrs. G. Partili and daughter Irma and son Frank and Mr. and Mrs. A. Dagarano and daughter, Eva, of San Francisco.

On Sunday afternoon, January 10, the children of the St. Maxim Sunday school will have a large entertainment in the Jefferson union high school auditorium.

Miss Rosa and Richard Bauer of Price street visited Mrs. S. V. Fischer of Castle street last Monday evening.

SHEET STEELS ARE DEFEATED IN MUD FEST

Worse Than Making Mud Pies Is Verdict Of Local Ball Fans.

Playing in a sea of mud, "terra firma," that resembled Florida real estate at low tide, the Pacific Sheet Steel baseball team lost to the Southern Pacific nine after seven innings of listless playing. The personnel of the tin metal team is made up of real sports, fellows who love the national pastime and are willing to play in any kind of weather. The polished manner of their previous games were lacking and the interesting and fine plays of the game were marred by the fact of a slow diamond. The steel team's infield played remarkably well, executing two double plays. The field was in such miserable condition that "time out" was called every few minutes to wipe off the baseball. The local team held the lead up to the sixth frame, but an error by the custodian of second base enabled four runs to come in. The final score, in favor of the "choo-choo" aggregation, was 6 to 2. At the close of the game the individuals were so enveloped with mud that they could not be distinguished and imagine the rejoicing in the clubhouse upon the recognition of each player as he stepped from the showers.

BURKHEIM GREAT LEADER DESPITE TEAM'S DEFEAT

We can state here that the Pacific Sheet Steel team can well be proud of their present manager, Harold Burkheim, affectionately known as "Hal." Without a doubt he is in a class by himself when it comes to the go-get-em spirit.

Always on the job, trying to put up a good game and whether his team wins or loses he is in there the following Sunday with the same old pep. The grand old game would be much better off if it had a few more managers of Hal's type so we reiterate again we are proud of him.

More power to him and he can feel sure that we are with him to a man win, lose or draw.

RED FARR VISITS MERCHANTS' STAR BALL HURLER HERE

Red Farr, one-time pitcher for Steve Fischer's outlaw team, was a visitor in South San Francisco last Saturday. He was the guest of Carl Welte, the eminent pitcher of the South San Francisco Merchants. Farr and Jazz were one time teammates, and his stop over in this city enabled him and Welte to talk over old time reminiscences of bygone days.

Farr is at present connected with one of the ball teams in the San Jose midwinter league and is pitching wonderful baseball. He was the recipient of a large article appearing in the "Peach" of the San Francisco Examiner the other day. Mr. Farr stated that he thinks that next summer he will be with us once more.

Gummed paper tape has been invented to seal pies against leaking while they are being baked.

MERCHANTS NOSED OUT OF FIRST PLACE IN PENNANT RACE BY J. E. FRENCH NINE

The South San Francisco Merchants were nosed out of first place in the National League pennant race by suffering a defeat at the hands of the J. E. French aggregation. The game was played on a soggy diamond, which contributed to the fact of the local boys losing. The field was a mass of mud, the base lines being under water, first and third sacks practically invisible. After being mended and patched by sprinkling sand over the submerged portions, the game proceeded. It was crowded with thrills, bringing the spectators to their feet on numerous occasions. The Merchants started the first inning off with a bang, gathering four hits and scoring three runs. It looked as if the game was inched from the start, but by the end of the third frame the Dodge company nine came from behind and tied the tally by pushing three men over home plate. The French bunch gathered two more runs in the fourth stanza to put themselves in the lead, but the locals came through in the following inning and the score was even once more. In the fifth inning, Funge of the automobile team scored on Palmieri's Texas leaguer. Lady Luck deserted our boys in the following innings, they being unable to score once more. Although the Merchants had men on base and chances to bring a runner home, the breaks were all in the French company's favor. The game was called at the end of the seventh inning, the time limit being up. The score at this period was 6 to 2.

The Four-Store Buying Power Of Peninsula Drugs Makes For Service

Additions to the forces of the Peninsula Drug company are now being made, it is understood by those closely connected with this popular firm.

This is a direct result of the great increases brought about through the ability of the store to render increased service through its four-store buying power, it is pointed out.

It is maintained that through the operation of four large and attractive stores on the peninsula, the firm is much better enabled to handle the many lines and give service to the public at unusually inexpensive prices for goods of the highest quality.

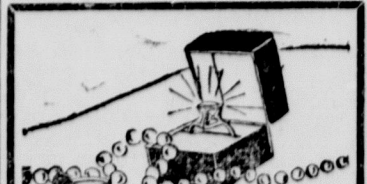

Harry Cavassa, leader in activities and business life of South San Francisco, is the head of the firm of the Peninsula Drug company, and has built up not only an organization which gives unusual service, but which is a real asset to the community.

PLAN INSURANCE TO PROTECT THE LIGHTING SYSTEM

That South San Francisco protect its electric system from reckless autoists who attempt to climb the poles with their machines was the suggestion of Chief of Police Storek at the board of trustees' meeting.

Many cities of the country, said the chief, are providing for the insurance of the electric poles. It is maintained that the poles, which cost in the neighborhood of \$127 to install, now have a value of nearly \$150.

The board instructed the city clerk to prepare data concerning the cost of the insurance and will take it up as soon as the information is ready.

LOCAL CAGERS SPLIT DOUBLE HEADER GAMES

130-Pounders Win 10-7—Unlimited Team Bows To Los Gatos Five.

The South San Francisco high school's 130-pound basket ball team defeated the Los Gatos Cats 10 to 7 on the Los Gatos court. This was South City's third straight win, for this weight division, this season. The game was a nip and tuck affair, the spectators being treated to a rare dish of wonderful passing on the part of the local students. South City was in the lead, then Los Gatos. Seeing like that through the whole contest, with never more than one point difference in the score column of either team. In the last two minutes of the game the Blue and White quintet sunk two baskets, which put them in the lead, the score standing in their favor until the whistle blew.

Because of the lack of practice, the local high school's unlimited team bowed to the Los Gatos five, 20 to 13. Our boys played a fast brand of ball, but their inability to find the netted hoop cost them victory. "Snub" Benne, center for the local dais, tried hard to stop their on rushes, but our unlimited squad was handicapped, as the Los Gatos bunch "out-towered" our men.

English interests claiming to have a secret process for preparing peat plan to develop extensive deposits on the borders of Yorkshire and Lancashire.

Back of the Christmas Joy is a Story of Heat

CHRISTMAS TIME and a big appetite. Good things ready for you—with their real flavor brought out by steady heat.

Whether heat is needed for baking spice-cakes, for warming the home, or for roasting the Christmas turkey—gas furnishes clean, healthful heat.

For over one hundred years the very essence of heat has been

sent through concealed pipes to the exact place of combustion. This source of fuel has been found the most convenient. Yet, from time to time, the service has been improved. So now, when burned in modern equipment, gas is healthful, clean, and efficient.

Wherever gas is used, it means quick heat, far cleaner cities, and a constant delight to mankind.

BREAKING ALLEY PAVEMENTS MUST CEASE IN SO. S. F.

That the condition of many of the downtown alleys are getting in bad condition and are a menace was the contention of the Down Town Association in a petition presented to the board of trustees of South San Francisco at the meeting Wednesday night.

Repairs of the alleys under the provisions of a city ordinance was requested by the association. It is maintained that those who cut into the alley pavements should be responsible and pay for the damage done.

The board instructed Chief of Police Storek to stop any such work that is being done without a permit from the superintendent of streets hereafter.

Information was brought before the board that to a large extent the damage occurred in the making way for water connections.

There is an existing ordinance that companies engaging in this sort of work must put up a bond to guarantee that the paving will not be damaged. From now on all such work must be done under bond, it was decided.

EASTERN STAR PLANS MEMBERS XMAS FESTIVAL

The Eastern Star of South San Francisco will hold a Christmas party for members and their families at Fraternal hall on December 28.

Many novel features for the evening have been prepared. A big Christmas tree, gifts for everyone, a program, games and refreshments will be provided for the Star's members.

An extensive deposit has been discovered of the highest quality lignite ever found in Greece.

The Fact Of the Matter Is---

If you can afford to pay rent, you can afford to buy your home. Keep the cost within reach and start now. The way to do anything is to begin, then to keep at it. Don't be afraid to go in debt for a home. You may not realize it, but if you are renting, you are in debt for a home right now—

You can't see it? Let's figure it out.
How many years do you expect to live? Say 30 years. How much rent are you paying? Say \$30 a month. Well that's \$360 a year, and for 30 years, \$10,800. That's how much you are in debt and it isn't hurting you. How about taxes? Forget them. Every time you move it costs you as much for moving, breakage, and getting settled.

Don't buy beyond your means. You can afford to pay \$150 for each dollar you are paying for rent. Add to this amount the cash payment you can make and you have the price you can afford to pay for a home. Buy a home and you are beginning to get out of debt—it sounds strange but nevertheless it is true.

Come In and Talk It Over.
We Have a Home To Fit Your Purse.

THE NEW INDUSTRY

In an effort to fulfill its promise to the people of South San Francisco to establish here the best in publication and printing service, The Enterprise, in association with Calvin C. Johnson and E. E. Bramble, announce this week the immediate installation here of a complete printing and publishing plant.

It is with pleasure that The Enterprise introduces these men to the citizens of the community and we feel assured that the location here of the plant will be a distinct boon to the community's progress.

Through its location in its new home at 111 Grant avenue, the publication feels that it will be able to give a service which has not been before possible. The new home will be planned and equipped to give the best in newspaper service. We want you to feel that it is not "just a newspaper office," but that it is a gathering place where you are welcome, and want you to make it a center of community life. The building has been taken on a long time lease and can be regarded as a permanent headquarters for community development.

As a portion of our increased service we have added another excellent advertising cut and layout service for your use. We are installing other devices and will expedite the handling of your news and publicity. And we feel that we may say without exaggeration that when our reorganization is complete that no community of this size will have a finer publicity and printing service at its disposal.

In our shop every aid will be given you in the preparation of your publicity copy and commercial printing, you will receive your work on time and it will be of the highest quality only. In our publication we will continue to strive for improvement and expansion, for a better community service, and for greater aid in bringing to you the real spirit of community life.

This is in no manner a move to displace any existing local institution. It is, however, the result of a carefully decided opinion that the need here for an efficient printing service and publishing plant, it not being met to the degree that the condition and development of the community demands. It is this unfulfilled need that we are striving to meet.

A GOOD EDITION

The Christmas advertising edition of the South San Francisco Journal is indeed a treat to the city of South San Francisco.

Well prepared and carrying a large amount of local business publicity, the edition is a distinct credit to the Journal and the city.

It is indeed gratifying to see our contemporary publication so well realize the publicity needs of the community and to take such a determined and excellent step toward meeting the need. It is work of this kind that makes for community development.

NEW FAKERS FOR OLD

The "blue sky" promoters are using a shrewd device to make old suckers bite again. The losers receive offers to take some of their old stock, now "dead", in part exchange for new stock or land. The suckers are reached through the old stockholders' lists. Thus many of them are persuaded to trade in worthless old stuff for worthless new stuff, giving new cash to boot.

This is a game that can be played anywhere, in any type of fraudulent investment project. The investor who has lost once must be on his guard against throwing good money after bad. Offers to trade new stock for old stock known to be valueless should always be regarded with suspicion.

Needless to say, the investor should also suspect offers to trade him stock in a new venture for old stock known to be good. Many a piece of blue sky has been exchanged for valuable securities. In case of doubt—and it is well to doubt any man or institution the investor doesn't know—consult a reputable banker or lawyer.

People used to be ashamed of mortgages, but now most folks seem to thrive on them.

The federal budget calls for \$3,494,308.44, and a mere taxpayer naturally wonders what Uncle Sam expects to do with that 44 cents.

It looks as if the two most necessary things in this country are lower taxes and better roads, and the problem is how to get both at once?

A good many farmers will begin to consider themselves prosperous when they're making as much per cent on their investment as they're paying on their mortgage.

Is It Possible?

TIMELY VIEWS ON WORLD TOPICS

"World Court Endorsement Would Not Mean League Entrance," Says Senator Lenroot.

"The conscience of America endorses the world court, the two great political parties have pledged our adherence to it and I have an abiding confidence that the necessary two-thirds majority in the senate will vote for it," declared Senator Irvine L. Lenroot of Wisconsin in a recent speech. "We should adhere to the court because we will thereby give the endorsement and encouragement of the most powerful nation in the world to an instrument for peace," Lenroot added. "Without the world court the small and weak nations of the earth must submit to the decision of disputes by political representations of powerful nations, or fight. There is no forum of justice where their cases may be tried."

Touching on the contention of Representative George H. Tinkham of Massachusetts that the world court is merely a creature of the league of nations, Senator Lenroot maintained that the league had no power to give life to the court.

"Forty-eight nations adhered to the protocol establishing the world court," he said, "and it is their action, and theirs alone, that has vitalized it into existence."

The Wisconsin senator, who is a member of the senate foreign relations committee, confessed that it was difficult to be patient with those who assert that the United States, should it become a member of the court, would be compelled to submit to that body's interpretation of the Monroe doctrine, immigration policies or the question of the foreign debt settlement.

"I think it is a fair statement that no one should venture to express an opinion as to the powers of this court unless he has first read the statute creating it," he said. "No one who has read the statute can make these statements. Let me repeat the article relating to jurisdiction: 'Article 36. The jurisdiction of the court comprises all cases which the parties refer to it.' This means that the court could never pass on questions affecting our rights and interests without our consent."

Senator Lenroot declared that the court, under the statute creating it, is connected with the league in but three ways: the election of judges; the fixing and payment of the salaries and other expenses of the court, and the right of the council of the league to determine under what conditions the court shall be open to nations not members of the league and not mentioned in the annex to the covenant of the league.

Mrs. Earle Jones of First avenue and Mrs. Joseph Silceni spent last Wednesday in San Francisco.

Look yourself in the face—you don't look foolish do you? Look over your rent receipts and you feel foolish don't you? Our plan of home owning gives you your undoubted opportunity.

PROTEST MADE ON CLOSING OF LINDEN AVENUE

Representative property owners of the section affected by the closing of Linden avenue requested the board of trustees of South San Francisco to take further steps to see that the highway will not be closed.

The request came in the form of a signed petition which was presented to the board at the meeting held in the city hall on Wednesday night.

Following the advice of City Attorney Davis in the matter, the board is now arranging for a co-operative meeting to be held with San Bruno representatives previous to the rehearing of the closing order. The meeting for the rehearing will take place in the State building in San Francisco on January 12 at 10 o'clock.

The protest meeting is being arranged under the direction of City Attorney Davis and Secretary of the Chamber of Commerce Thompson of South San Francisco.

Mr. and Mrs. James T. Casey of Mission street have purchased a handsome Buick sedan.

PERMISSION IS GIVEN TO RAZE THIRTEEN TREES

Permission to cut down thirteen trees and do grading work on property on the San Bruno road in the vicinity of the oil refining plant was granted by the board of trustees of South San Francisco at their meeting Wednesday evening.

It is understood that this work is being done in anticipation of the building there of a gasoline and oil service station, although no permit for such a structure was asked at the meeting.

Ambrose McSweeney, county tax collector, is reported to have suffered an accident in Burlingame Tuesday night. While turning around his machine he was forced to drive very near the curb and his left arm which was being held out was caught by a tree.

A number of stitches were taken in the arm and it is understood that McSweeney is recovering as rapidly as could be expected.

Extra Service Plan Santini-Roccucci

Planning extra service for the people of South San Francisco who have not yet been able to do their Christmas shopping the firm of Santini & Roccucci will keep their store open until late Thursday night, according to plans announced today.

The firm carries a wonderful line of gifts and will aid in last minute selections.

Wheelbarrow Is Cause Broken Ribs

It has been said that pushing a wheelbarrow is not a hazardous occupation, but William Henry of 807 Kansas street, who today is suffering from three broken ribs, thinks otherwise.

Henry was pushing a wheelbarrow across the floor at the Western Meat company, where he is employed, when his foot slipped, causing him to fall and break his ribs. He is in the local hospital at the present time.

W. H. CROCKER IN CIVIL SUIT OVER REDWOOD PROPERTY

William H. Crocker, millionaire resident of Hillsborough and prominent San Francisco financier and politician, Tuesday filed suit in the superior court at Redwood City in which W. P. Lanfenberg, administrator of the estate of the late J. R. Howell, is named defendant.

Crocker's complaint sets forth that in 1913 the Hillsborough man deeded a lot in Redwood City to Howell to facilitate its sale. However, the property was never sold and is still in Howell's name.

Crocker's suit seeks to have the superior court declare the land to be the property of the plaintiff.

CHRISTMAS IS NOW CLASSIC FESTIVAL Religious Differences Are Not Recognized ALL PEOPLES RESPOND TO ITS SPIRIT

Yes, Christmas has indeed become a classic. It matters little whether we are followers of Confucius, or if we practice Mohammedanism, or profess to be Christians. Neither does it matter if our names are recorded as Catholics, Methodists, Scientists or Jews. The fact remains that "Christmas" has become a classic in this twentieth century. For the classics is the eternally true, it is that which does not grow old.

Christmas is the time of year when every one is trying to make someone happy. It is the season when Love rules the heart a little more abundantly. When the pure and unadulterated child spirit pervades everything. When the innocence of childhood comes back to us. It is a time when everyone feels a desire to rejoice and be glad.

However, it was not always thus. For just a few centuries ago, in 1644, the English Puritans forbade any merriment or religious service, at Christmas time, by act of parliament; on the ground that it was a heathen festival and instead, ordered it kept as a fast. This, however, was changed shortly after, by Charles II.

Long before the "Three Wise Men" saw the Star in the East and journeyed to see the child "Christ"—this time of season was celebrated and called the Yuletide. Tradition informs us that the early Norsemen seeing the sun, day by day, sink lower and lower on the horizon, and as they watched its gradual descent their spirit sank likewise; until one day, it seemed as though the sun had changed its mind and they noticed that instead of its disappearing altogether it started to rise. Immediately their spirits rose with it and their hearts were filled with rejoicing—for had not their life and warmth giving orb decided to come back to them, that they might live! Therefore they feasted and rejoiced, danced and sang and love filled their hearts to overflowing. And since that time it has been observed as a Festival time for rejoicing until today, we can truly say, it has become a classic. This spirit of Christmas.

Not many years ago, a great and wise man expressed himself in his last poem thus: "Love is the only gleaming star, that leads the way." Perhaps this Star, was that Eastern Star and is still the guiding Star for all humanity, and the reason for this Christmas Spirit of rejoicing and gladness and "good will on earth toward men."

We have during the last few centuries of the Christian era, given to this festival spirit a personality. But that is only human. For we live by signs and tokens and if we can symbolize our beliefs, hopes and aspirations, they are thereby better understood.

So why not the added personification of this day of rejoicing, the re-birth of the spirit of life.

In all history, there is no one that has added so much to this beautiful yuletide rejoicing, as George Frederick Handel when he composed that great oratorio, "The Messiah." His harmonies still peal forth throughout the world, ever since that famous London concert, in the seventeenth century, when the "Hallelujah Chorus" was sung to a gathering of many, many thousands and the audience arose as one man and joined in that song of praise, and today, we are still praising and rejoicing, singing the song of the ideal to the Prince of Peace.

At this time of 1925 we are again approaching the solstice; reminding us of the birth of a New Year, the birth of Christ, the birth of Love re-kindled. Let us therefore rejoice and sing praises to the Prince of Life and Love. For we know not what tomorrow shall bring forth.

Life floats away from mortal man,

Like melodies from a string.

But who can say—when heard again,

What harmony, it may bring.

So let us tune our lives on earth,

To the key of God above,

That we may fill the hearts of men,

With kindness, truth and love.

Then through infinity of time,

Vibrating chords shall ring,

And man through God shall be sublime,

As life—in cycles swing.

M. JENSEN,
Mayor of Lawndale.

How Many Homes Have You Paid For?

And how many homes do you own today? Recently a man came into our office that had decided years ago to apply his rent money toward the payment of a house. He soon rented the house to another fellow and his rent paid the balance on the house. He bought himself another one and another one, until today he owns several homes and has quit work. The rent money he now collects means a substantial income to him. The future is sure, bright and smiling for his wife and children.

NOTICE TO CREDITORS

In the Superior Court of the State
of California, in and for the County
of San Mateo.
In the matter of the estate of Bab-
ette Dunkle, Alias Deceased.
Notice is hereby given by the un-
derigned A. Boni, administrator of
the estate of Babette Dunkle, alias
deceased, to the creditors of and all
persons having claims against the
said deceased, to file them, with the
necessary vouchers, in the office of
the Clerk of the Superior Court of
the State of California, in and for
the County of San Mateo, or to ex-
hibit the same, with the necessary
vouchers, within four months after
the first publication of this notice,
to the said A. Boni at the law office
of Pardini & Scamporrino, Attor-
neys at law, Olcese Building, Colma,
Calif., the same being the place
for the transaction of the business
of said estate in the County of San
Mateo, State of California.
Dated this 18th day of November,
A. D. 1925.
A. D. 1925.
Pardini & Scamporrino, Attorneys for
Administrator.

In the Superior Court of the State
of California, in and for the County
of San Mateo.
No. 11505.
Action brought by the Superior
Court of the State of California,
in and for the County of San Ma-
teo, and the complaint filed in
said County of San Mateo in said
office of the Clerk of said Superi-
or Court.

Attitio Pucenelli, Plaintiff, vs.
Antonio Medina, Defendant.
The People of the State of Califor-
nia Send Greetings to:
You are hereby notified to appear in an
action brought against you by the
above named plaintiff, in the Superi-
or Court of the State of Califor-
nia, in and for the County of San
Mateo, and answer the complaint
filed therein within ten days (ex-
clusive of the day of service) after
the service on you of this summons.
If you fail to so appear and answer,
the plaintiff will take judgment for
any money or damages demanded in
the complaint as arising upon con-
tract, or will apply to the court for
any other relief demanded in the
complaint.

Witness my hand and the Seal of
the Superior Court of the State of
California, in and for the County of
San Mateo, this 14th day of Decem-
ber, A. D. 1925.
(Seal)
ELIZABETH M. KNESE, Clerk.

JUDGE BUCK'S RULING FAVORS RATTO, COSTA

Decision Requires All Questions
To Be Answered In Deposi-
tions In Libel Suit.

D. W. Ratto and John Costa, de-
fendants in three suits for libel
aggregating \$185,000, filed by
Mayor H. F. McNellis and Trus-
tees Hugh McCaffrey and Carl
Blank of South San Francisco,
scored a legal victory in a decision
returned late yesterday by Supe-
rior Judge George H. Buck.

The victory consists of a ruling
by Judge Buck that all questions
with the exception of those relat-
ing to damages sustained, must be
answered in depositions made by
the plaintiffs. These questions re-
late to the exact time, place and
origin of the alleged libelous re-
marks upon which the suits are
based.

The damage suits resulted from
the lengthy political fight in South
San Francisco several months ago
and which is still raging in the
effort of Ratto, Costa and others
to have the three trustees recalled.

ACCOUNTING IS DEMANDED HERE ON TRUCK FARM

Felice Resio Seeks Legal Mea-
sures To Determine
His Status.

Demanding an accounting of the
business of a vegetable ranch near
South San Francisco, Felice Resio
today filed suit in the Superior
Court at Redwood City against G.
Pasini and other partners in the
agricultural enterprise.

Resio declares in the complaint
that he owned two-elevenths of
the ranch on February 16 of this
year and that he was taken ill and
was unable to work. He placed
two other workmen in his place,
but these men were not allowed to
work and he was charged \$16 per
day by the partners. Later he sold
one-eleventh to Pasini, but he was
still charged \$8 a day, he alleges.

Resio contends that when he was
able to return to work the other
partners refused to allow him to
do so and continued the charge of
\$8 a day against his share of the
ranch profits. Resio alleges, in his
suit for an accounting, that the
assets of the ranch are over \$50-
000.

Merry Christmas to All!

*"A Merry Heart Maketh A
Cheerful Countenance!"*

THUS, it is written in the Old Testament.
And so it is written on the faces of young
and old today!

In those twinkling eyes and happy smiles of folks
about us, we read fulfillment of the Christmas
Message---

**"PEACE ON EARTH, GOOD WILL
TOWARD MEN!"**

Not only read it---but understand. Yes, realize
that it comes from merry hearts that know no
malice---hearts that, with every beat, send forth
Happiness and the warmth of Love and Best
Wishes to all Mankind!

Everybody seems young again! Glad to live and
let live. Finding untold joys in giving with a gen-
erous heart---minding not the cost but feeling well
repaid if only with a smile. Finding happiness in
making others happy. Ah---verily---is the spirit
of Christmas!

And from cottage window and palace hall beams
further evidence of this Joyous Season! Welcome
holly wreaths here and there. Gayly-trimmed
firs and pines looking ever so stately with their
scores of sparkling ornaments, strands of golden
tinsel, multi-colored lights or humble candles.
E'en the stars of the Silent Night add their brilli-
ance to the scene. Truly, what could be more en-
chanting? Fascinating? Sacred?

Entering into the spirit of this great occasion, we
who have subscribed our names hereto, extend
"A MERRY CHRISTMAS TO ALL!" And in
further appreciation and good will, we'll add---

**"MAY YOUR GIFTS BE MANY AND
YOUR JOYS KNOW NO BOUNDS!"**
